#### New York List Experiences Declines-Many New Low Records.

New York, June 25.—Market declines, more violent than any experienced since the Mexican situation became acute, were in order today. Whereas, heretofore, breaks had been confined mainly to the mere speculative issues and to those stocks in which an unsettled position had been created by pool operations, to-

stocks in which an unsettled position had been created by pool operations, to-day's weakness in the market extended throughout the entire list.

Many new low record prices on the present movement were established, and if the behavior of stocks is any criterion of the speculative position, it would appear that the bottom had not yet been reached. There were no panicky breaks in any stocks, with the exception of the pear that the bottom had not yet been reached. There were no panicky breaks in any stocks, with the exception of the Corn Products issues, which were ad-versely affected by the decision in the government suit, but on the other hand recessions in prices were steady but orderly.

rderly.

The over-Sunday developments, as far The over-Sunday developments, as far as the news was concerned, were all adverse to speculation on the long side, and the short interest found much in the morning papers out of which to make bear capital. The more threatening aspect of the Mexican situation naturally furnished the major part of the incentive for selling stocks, but the stally unexpected adverse decision in the totally unexpected adverse decision in the government suit against the Corn Pro-ducts Refining Company was enough to aid in unsettling prices, and furthered

aid in unsettling prices, and furthered the wave of liquidation.

For the first time since the Mexican situation began to play a prominent part in the stock market commission houses appeared willing to admit that real iquidation in stocks are underway, while there was no attempt to cover the fact that there was a great deal of selling by accounts in which margins had become weakened owing to the fact that clients either did not have more cash to protect their speculations, or did not care to follow prices any further down.

### NEW YORK GRAIN.

## New York, June 28.—The market on the Broad Street curb was remarkably well held, in view of the unsettlement and severe losses which were sustained on the stock exchange. **IGNORES MEXICO**

#### Border Situation Fails to Affect List in Washington Stock Market.

The Mexican situation has failed thus

bought several days ago by the Com-mercial National Bank, adjoining it at Fourteenth and G streets northwest. The Continental Bank holds a six-month lease on its present quarters.

#### New York Market.

W. B. Hibbs & Co. yesterday received W. B. Hibbs & Co. yesterday received the following analysis of the New York market from Logan & Bryan:

"Few issues if any escaped the liquidation which invaded the security market today from all directions. Reading, along with some of the war munition stocks, suffered the greatest losses, and the selling in the entire list at times was of a very influential character. Speculative liquidation in the first-named issues by some of the foremost buyers on the re-cent big advance featured the dealings in that issue. In the industrial section of the list, a further readjustment of the long account was witnessed and as support was negligible declines in many of the so-called 'war brides' was of con-siderable extent, especially in Crucible and Baldwin Locomotive."

## Millions in Profits Going to Motor Stockholders

q The enormous earnings being piled up by the country's automo-bile manufacturers have fully justified the increased market valuation of motor stocks.

Moreover, the increased market valuation of motor stocks.

If Moreover, the increasing growth of the industry should mean a still greater enhancement of motor-stock values, logically necessitated by the continued expansion of the business.

If the following are some of the automobile manufacturers who are participating in the present unparalleled prosperity:

Overland Chalmers Chandler Chewolet Studebaker Saxon Maxwell Peerloss Hupp Reo

## The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-ages), well secured on real estate in the Di-trict of Columbia, constitute "gilt-edge" in-restments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$50 upward. Send for booklet, "Concerning Loans and Investments.

wants each and every reader to own a set of their

## \$10,000 Prize Books "HEART THROBS"

prizes, more than 50,000 of the "plain people of America", as Lincoln loved to call them, sent to the publishers their favorite selections of poems grave and gay; of song and story; of famous gems of history; of world-renowned orations; and of apothegms of wisdom. Out of this vast array of contributions, U. S. Senator Allison and Admiral Dewey chose 840 as entitled to the awards for the best selections. That these unique volumes contain treasures to be had nowhere else is self-evident. What appealed to 50,000 people as the greatest, the best, the brightest, the most pathetic, the most humorous, the most consoling, the wisest words of counsel or admonition, must appeal to the masses with the same heart-stirring influence. "Heart Throbs" is a book for every mood. It is a book to pack in your valise when you travel, to while away many weary hours of lonelmess or waiting. It is a book to keep with you at home for comfort, consolation or cheer. In short, it is a book that will find its way into the homes of the millions as the only book, aside from their books of devotion, that they must have for their hours of pleasure, of relaxation, and of self-instruction.
